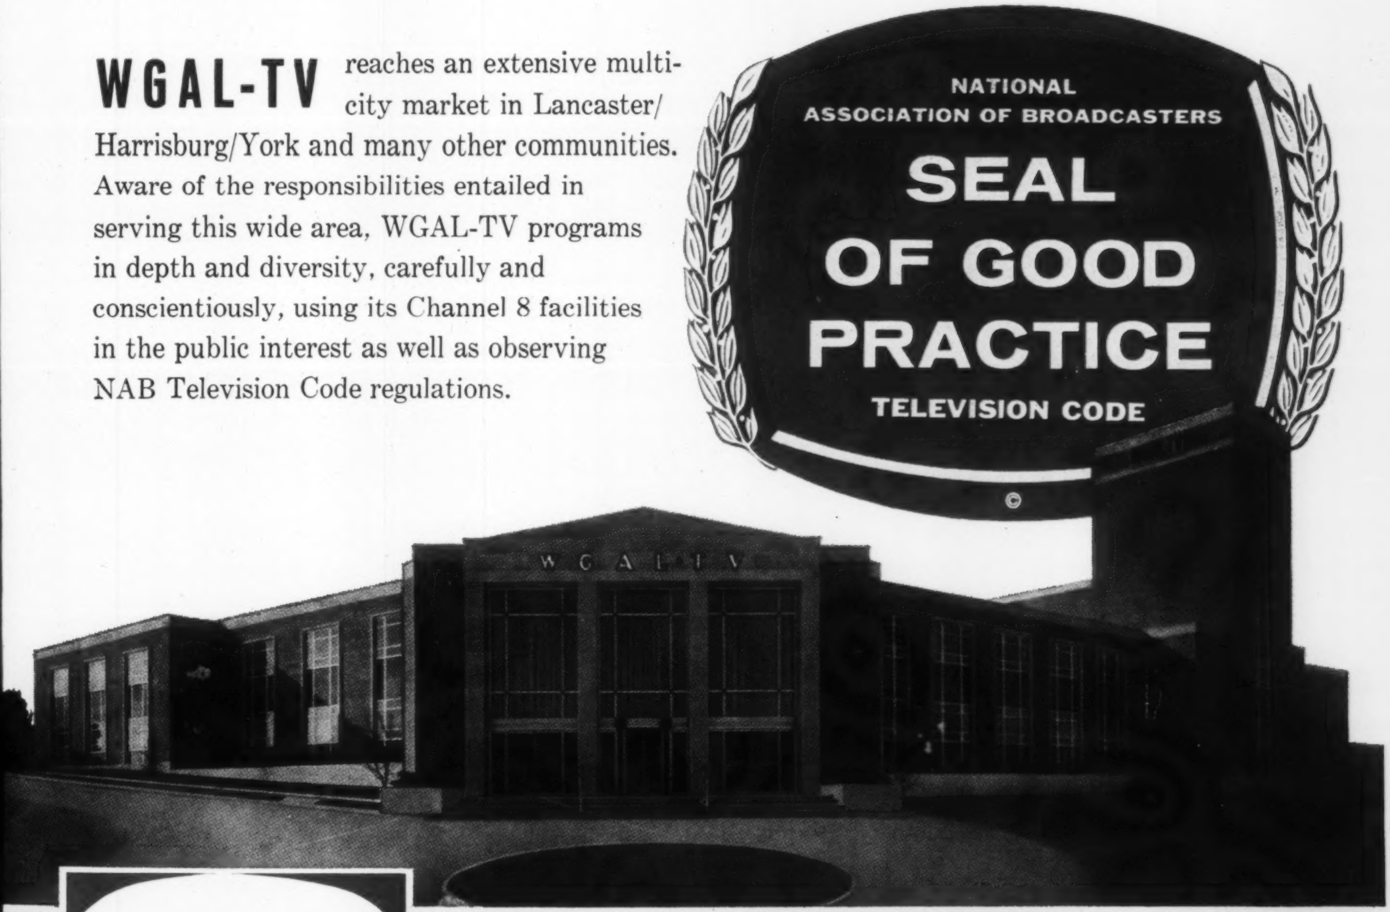
EASY GUIDE TO YEARBOOK USE AND COMPLETE INDEX START ON PAGE A-3

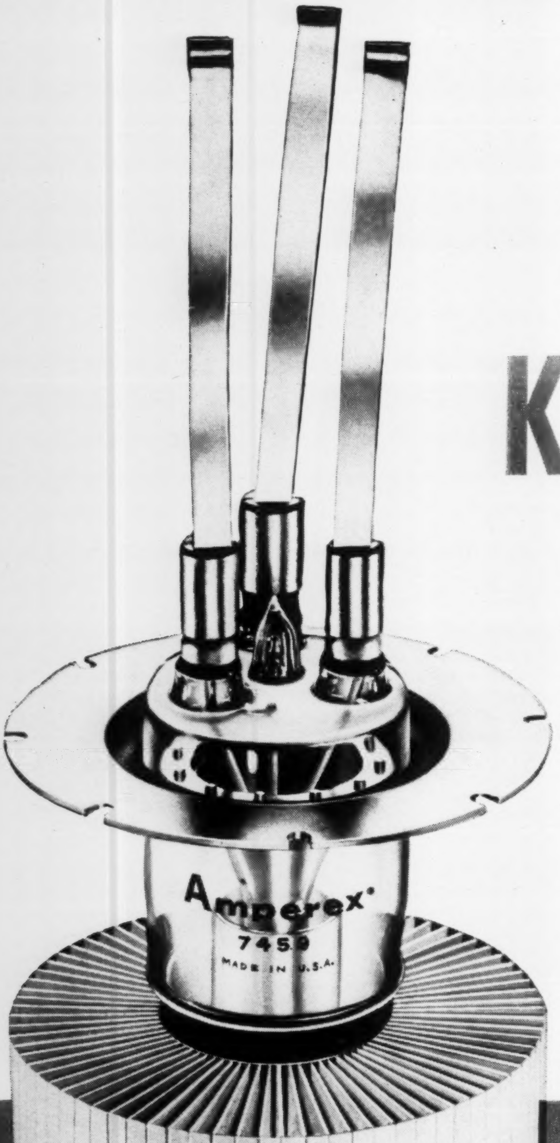
*In the public interest*

**WGAL-TV** reaches an extensive multi-city market in Lancaster/Harrisburg/York and many other communities. Aware of the responsibilities entailed in serving this wide area, WGAL-TV programs in depth and diversity, carefully and conscientiously, using its Channel 8 facilities in the public interest as well as observing NAB Television Code regulations.



STEINMAN STATION
Clair McCollough, Pres.

**WGAL-TV**
CHANNEL 8 • LANCASTER, PA. • NBC and CBS



# THAT EXTRA KILOWATT COUNTS!

...*in*

- cooler operation
- longer life
- lower operating cost

**The new Amperex Type 7459,** forced-air cooled triode, was designed for use in many popular TV, FM and Broadcast transmitters operating in the 5, 10 and 25 KW ranges. By virtue of its exceptional ruggedness, reliability and cooler operation, this new 4 KW dissipation tube is becoming a preferred replacement for the conventional 2½ to 3 KW types.

The 7459 incorporates the exclusive Amperex "K" (carbide coated) grid which results in extremely low primary and secondary emission. The "K" grid has been operated at temperatures far above 1000°C with excellent life, thereby assuring reliable operation in *both* communications *and* industrial applications. Where short tube life is your problem in the 2½ to 3 KW dissipation range—the Amperex 7459 is your solution. Application engineering assistance is available.

**RF POWER AMPLIFIER & OSCILLATOR, CLASS C**

Typical Operation, Grounded Grid Circuit (Two Tubes)

| Frequency (MC) | 75 | 110 | 110 | 220* | |
|---|---|---|---|---|---|
| DC Plate Voltage | 6000 | 5000 | 4000 | 4000 | volts |
| DC Grid Voltage | 400 | 300 | 200 | 200 | volts |
| Peak RF Grid Voltage | 740 | 640 | 500 | 450 | volts |
| DC Plate Current | 3 | 3 | 2.75 | 2.5 | amps |
| DC Grid Current (approx.) | 0.62 | 0.66 | 0.70 | 0.40 | amps |
| Driving Power | 2240 | 1840 | 1350 | 760 | watts |
| Power Output (approx.) | 15,600 | 12,100 | 8600 | 5600 | watts |

**For operation above 110 mc. in TV applications, please consult our Application Engineering Department.*

**ask Amperex®**

**for your copy of our latest condensed catalog covering a wide range of broadcasting and power tubes.**

**Amperex Electronic Corp.,** 230 Duffy Avenue, Hicksville, L. I., N. Y.

# Easy guide to Yearbook

The information in this book is massive—more than half a million words—but it is organized for speedy reference. There are six main sections, broken down topically. Below are the titles and pages on which these sections appear, and brief descriptions of what they contain. The sections are arranged in alphabetical sequence A through F.

**A—The Broadcasting Marketplace: Who, What, Where** (A-3 through A-20)
- Alphabetical index A-3
- BROADCASTING YEARBOOK executives and staff A-14
- Advertisers' index A-15
- Market growth in a new era A-19
- Dimensions of radio and television A-20

**B—The Facilities of Broadcasting** (A-21 through B-96)
- U.S. tv stations, including station profiles A-21
- U.S. radio stations, including am/fm station profiles A-107
- Station representatives and their personnel B-1
- National radio and tv networks, rates and personnel B-12
- Regional televison and radio networks B-26
- International radio stations operating in the U.S. B-28
- Uhf television translator stations B-29
- Experimental television stations B-31
- Tv station ownership, a record of station sales B-32
- Stations identified with newspaper or magazine ownership B-37
- Group ownership of broadcast stations in the U.S. B-43
- Television station call letters B-49
- Television station by channels B-51
- Am station call letters B-53
- Fm educational station call letters B-60
- Am stations by frequency B-61
- Fm commercial station call letters B-73
- Canadian Board of Broadcast Governors B-75
- Canadian tv station call letters B-75
- Canadian tv stations, including station profiles B-76
- Canadian am station call letters B-80
- Canadian am stations, including station profiles B-81
- Canadian am stations by frequency B-88
- Mexican and Caribbean radio stations B-89
- College Campus-limited radio stations B-94
- Bell System tv network map F-82

**C—Regulation, Imposed and Voluntary** (C-1 through C-34)
- How to apply for a broadcasting station C-1
- Tv code of the National Association of Broadcasters C-2
- Radio code of the National Association of Broadcasters C-10
- FCC rules regulating radio-tv (selected sections) C-12
- FCC executives and staff personnel C-31

**D—Suppliers and Services** (D-1 through D-69)
- Manufacturers and distributors of broadcast equipment D-1
- Firms renting broadcast equipment D-16
- Attorneys in communications practice D-17
- Consulting radio and television engineers D-21
- Brokers of radio and television stations D-23
- Frequency measuring services D-25
- Music licensing groups D-25
- Talent agents and managers D-25
- News Services D-27
- Public relations, publicity, promotion services D-28
- Communications carriers D-29
- Research services D-29
- Closed circuit television operations D-30
- Program producers and distributors D-31
- Community antenna television systems D-51
- Subscription television interests D-55
- Unions and labor groups D-55
- U.S. Government agencies concerned with radio-tv D-56
- Consultants on broadcast management D-58
- Schools specializing in radio and television D-59
- Leading television and radio advertisers, 1959 D-60
- Leading advertising agencies billings, 1952-59 D-61
- Agencies handling broadcast advertising accounts D-63

**E—Trade Associations and Professional Groups** (E-1 through E-7)
- Associations and professional societies E-1
- National Association of Broadcasters E-2
- Radio Advertising Bureau E-2
- Television Bureau of Advertising E-3
- Radio-Television Correspondents Association E-3
- State associations of broadcasters E-4
- Related associations and professional societies E-5

**F—Facts, Figures, History of Broadcasting** (F-1 through F-82)
- Market facts for all U.S. counties F-1
- Broadcast ABCs, a primer of radio-tv F-59
- Books and reference works F-66
- News highlights by the subject, 1959-60 F-68
- Broadcast time sales, 1935-59 F-73
- Programming: film/live/tape ratio F-74
- Size and nature of broadcast audience F-76
- Extent of broadcast editorializing F-79
- Broadcast station employment F-79
- Foreign language programming F-79
- Negro programming F-81

WHAT MAKES
J. Minton Sc.

# STORER BROADCASTING

*33 years of community service*

# A PIONEER PIONEER?

*THE BEGINNING* by J. Minton from the Bettmann Archives

A pioneer pioneers to get out of a rut. To explore. To open frontiers. To bring about new concepts. It's not the easiest calling. Everything must be learned the hard way. The risks are large and incessant.

There were few broadcasting guideposts when we started out 33 years ago. What have we learned from it all? This:

You first must make yourself a responsible citizen and a good neighbor to the community as a whole. Only in this way can you build loyal, responsive audiences — the real success of any station. In short, it's good business to operate in the public interest.

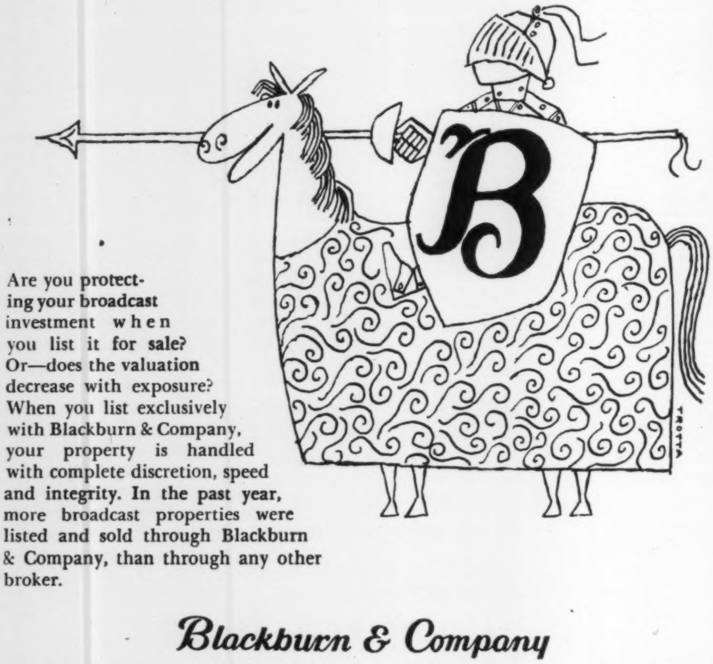
**On your guard?**



Are you protecting your broadcast investment when you list it for sale? Or—does the valuation decrease with exposure? When you list exclusively with Blackburn & Company, your property is handled with complete discretion, speed and integrity. In the past year, more broadcast properties were listed and sold through Blackburn & Company, than through any other broker.

When you connect with a fast one and lift it right out of the park—what a thrill! The kind we feel at McCann-Erickson when we pick a TV winner—like "Wagon Train," the top hour show of 1960 . . . the highly praised "CBS Reports" . . . or "The Untouchables," which recently won five Emmies. ⚾ Keeping a TV batting average this high requires close attention to the changing tastes of America. McCann TV experts—64 specialists who have made a habit of winning—are constantly looking for *new* ways to reach the audience that's *right* for each

**towers**

***engineered for safety, efficiency and economy***

In fifteen years of assembling and erecting towers, antennas, micro-wave equipment and coax lines, Petroleum Engineering Service has built an unparalleled organization. From engineers to steel workers, the Petroleum Engineering Service team knows its business.

Included in the organization's Tower Division, are superintendents, foremen, and key men who are specialists in concrete and building construction. Most Petroleum Engineering Service contracts call for jobs that include: Designing, engineering, furnishing fabricating, grading, pouring concrete, installing tower equipment, building fences, access roads, power lines, any structures at the tower level.

Its centralization of supply and responsibility makes for utmost speed, economy, and quality. It enables Petroleum Engineering Service to guarantee unconditionally your tower against defects in design and erection.

Complete service on estimating, installing and maintenance of tower systems; including micro-wave, radio (am-fm) and Television.

WILLIAM K. WILSON, President

# LETTER FROM THE PUBLISHER

Publication of this 26th consecutive *Yearbook • Marketbook* issue is coincidental with the entry into our 30th year of service to the business of broadcasting.

Broadcasting Publications, Inc. was founded in October 1931. The first *Yearbook* appeared in 1935. With each succeeding issue, it has become better entrenched as the standard reference and the marketplace for anyone and everyone doing business in the world of radio, television and the allied arts.

The information presented herewith was gathered from many sources, over a period of months, and such data is available in no other single volume. More than 20,000 questionnaires were mailed from Washington headquarters, supplemented by follow-up telegrams, letters and personal visits by staffers from our offices in Washington, New York, Chicago, Hollywood and Toronto. The finished product represents 550-pages, 46 separate directories, indexed under six main sections. It is the only industry-wide work designed to serve as the basic reference and source-work in the business of broadcasting.

Because an edition of this size must be printed in sections, there inevitably is a deadline lag. Thus late-breaking changes, notably in the directories, are not included. These will be published in *Yearbook* addenda to appear in an early issue of the weekly BROADCASTING. Readers should notify the *Yearbook* Editor of changes for inclusion in the addenda.

There are a number of new features in the *1960 Yearbook • Marketbook*, both editorially and advertising-wise. These will be readily discernable to subscribers.

A word about a new advertising feature—"guaranteed adjacencies." For the first time, advertisers in certain directories may use space to buttress their editorial listings in the nature of spotlight displays.

We hope you like this latest edition of the *Yearbook • Marketbook*. And we welcome your comments.

Sincerely,

Sol Taishoff

A
"Metropolitan"
Personality

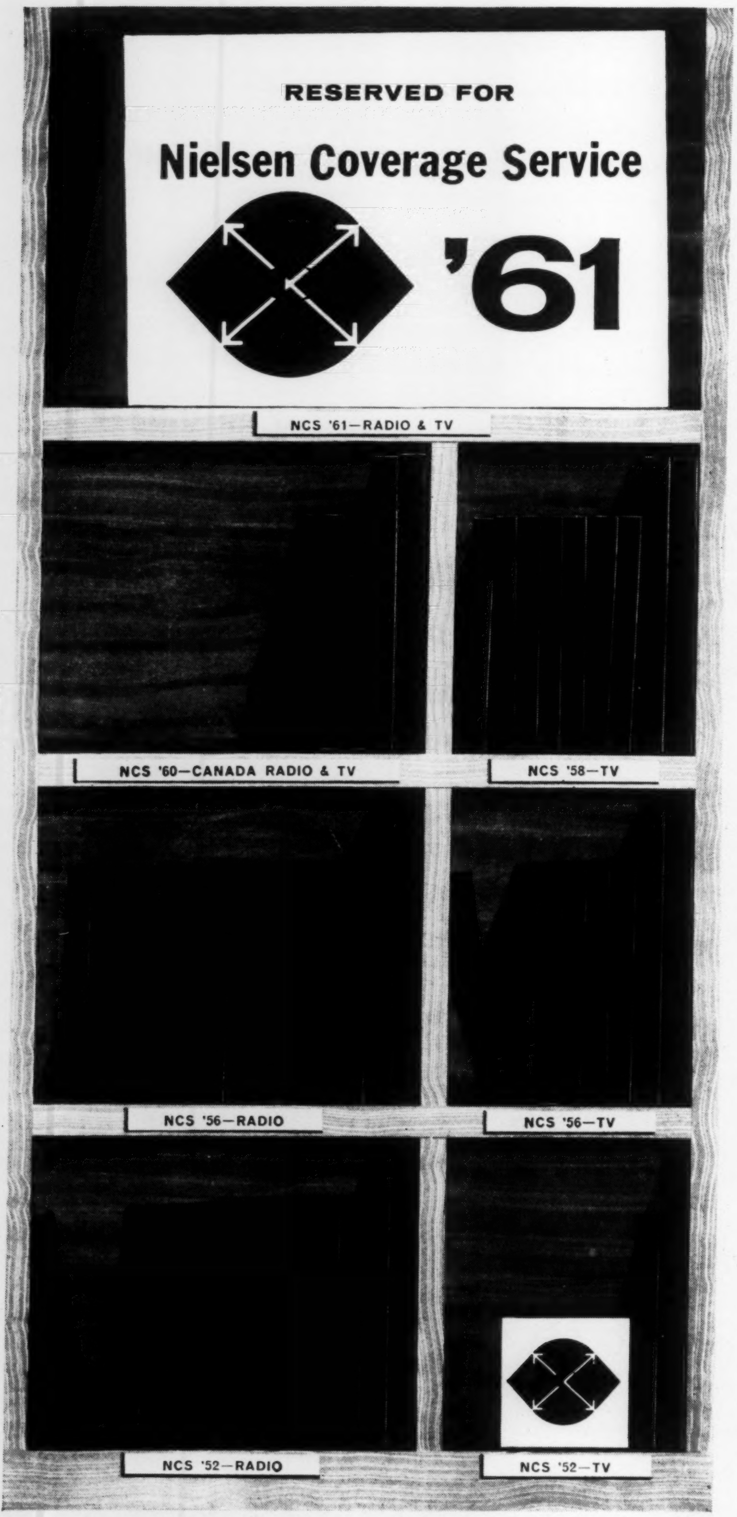
Photographed by Peter Fink

Adept at attracting and holding the attention of those people who prefer the extraordinary: a "Metropolitan" personality—just like each of our widely recognized properties in the Television, Radio and Outdoor media.

# METROPOLITAN BROADCASTING CORPORATION

*205 East 67th Street, New York 21, New York*

TV STATIONS: WNEW-TV, New York; WTTG-TV, Washington, D.C.; WTVH, Peoria/Ill.; KOVR-TV, Sacramento-Stockton/Calif.
RADIO STATIONS: WNEW, New York; WIP, Philadelphia; WHK, Cleveland
OUTDOOR: Foster and Kleiser—operating in Arizona, California, Oregon and Washington.



# for complete radio and tv coverage facts

NCS '61 will separately report all U. S. counties including some 20 city areas in Alaska and Hawaii. NCS '61 will provide basic broadcast media data, coordinated with 1960 U. S. Census data and capable of being combined to meet any media or marketing requirement.

Since 1952, Nielsen Coverage Service has had industry-wide acceptance as the authentic and detailed source of tv and radio media-market information . . . county-by-county. Now NCS '61 is being readied by a permanent staff of coverage specialists and expert technicians in time for tie-in with the 1960 U. S. Census.

NCS, produced with proven techniques for maximum usefulness, is the only service providing authoritative coverage facts in complete county-by-county detail on:

**SET OWNERSHIP**
- **Total homes . . . tv homes . . . radio homes (from the 1960 U. S. Census of Population)**

**STATION CIRCULATION (daily, weekly, daytime, nighttime)**
- **Each tv station . . . VHF or UHF (including direct or wire-line service)**
- **Each radio station . . . AM or FM (including out-of-home listening)**
- **Total radio use, county by county**

## FOR ALL THE FACTS

BROADCASTING
THE BUSINESSWEEKLY OF TELEVISION AND RADIO

**1960 YEARBOOK • MARKETBOOK ISSUE**

Vol. 59, YB-26 **September 15, 1960**

# MARKET GROWTH IN A NEW ERA

The American economy, entering the 1960s with a sound marketing structure, faces a decade that promises to provide commerce and industry with unprecedented outlets for goods and services.

A virile broadcasting system that has reached undreamed-of dimensions will continue to grow with the economy and take a prominent role in stimulating consumer demand, judging by statistical indicators as the final months of the year approached.

New figures made available by the U. S. Census Bureau, American Research Bureau and A. C. Nielsen Co. give a striking insight into the growth of the marketing base in recent years. The most accurate market data available comes from the 1958 national *Census of Business.* A study of market facts for all U. S. counties, appearing on page F-1 of this Yearbook issue, depicts in detail the number of homes, tv homes, and amount of retail sales (food, automotive and drug).

This Yearbook also offers a complete encyclopoedia of broadcasting facts. It includes details on the radio and tv broadcasting industry, audience, advertisng billings, employment, specialized programming, major trends and events, recorded programming, set production and radio-television time sales.

Profound changes are taking place in U. S. livng habits. Nearly two-thirds of the total increase in city population since 1950 has taken place outside central cities. These outlying areas of cities had less than one-fourth of the 1950 population. During the decade they showed an increase of nearly one-half (47.2%) and accounted for 17.1 million of the 26.4 million increase in total population shown by preliminary 1960 census totals for the 50 states.

The list of Standard Metropolitan Statistical Areas (BROADCASTING June 27, Aug. 8, 1960) covers more than three-fifths of the total population, with practically all of the areas showing gains for the decade. Twenty-one new areas were added to the metropolitan list in the summer of 1960 when census returns showed they had reached the 50,000 population point.

Population density for the decade fell from 50.7 persons per square mile in 1950 to 50 in 1960, due mainly to the sparse nature of Alaska where the vast area includes only 0.4 persons per square mile.

Sixty counties have more than 500,000 people, led by Los Angeles with 5,979,203, according to the first 1960 census returns. New York is the largest metropolitan area, with 7,710,346 population.

The center of population moved westward from a point near Louisville, Ill., to Clinton County, Ill., in the decade.

This tendency of the population to move into metropolitan areas outside central cities provides important marketing opportunities for American commerce but at the same time creates serious national problems. The Committee for Economic Development says metropolitan areas are "decaying at the core" and points to a need of reorganizing local political structures and urban renewal.

But economic growth is rapid, despite the problems, and it is expected to continue through the next decade. In its study, *The Decade of Incentive,* Market Planning Corp. (affiliated with McCann-Erickson) predicts growth in the next 10 years will equal that of the last quarter-century.

Advertising will expand 60%, or from $10 billion to $16 billion in the period, the study indicates, possibly reaching $20 billion in 1970. Assuming 2% yearly inflation, total advertising volume may exceed $25 billion in terms of 1970 dollars.

Consumer spending should double during the period, according to the study, with durable goods exceeding $70 billion in 1970 and soft goods, rising at a somewhat slower pace, reaching $225 billion.

A forecast by J. H. Whitney & Co. (Whitney Communications Corp., Corinthian broadcast stations) said the gross national product of $472 billion in 1959 (1958 dollar base) should rise to $790 billion in 1970. It estimates advertising expenditures will grow from $10.9 billion to $18 billion in the decade (1958 dollars). Televison income of $1.51 billion will increase to between $2.7 and $3.1 billion in 1970, according to the Whitney study.

The U. S. Census Bureau estimates the population, preliminarily placed at 177 million in 1960, will jump to 220 million in 1970.

As this growth takes place, the broadcasting industry provides a medium reaching more people more frequently than any other medium. The 1960 commercial broadcast structure consists of 3,506 am, 753 fm and 580 tv stations (Aug. 31 figures), according to a BROADCASTING compilation.

These stations serve 46.5 million tv homes and 49.5 million radio homes. Of the tv homes, 98% are in reach of color tv service. Nearly 110 million home radio sets are estimated to be in working order. A special feature of radio is the constantly increasing out-of-home listening to 41 million auto receivers and millions of portables, especially the immensely popular transistor sets (See U.S. radio-tv set production data page F-63).

A breakdown of the broadcast audience shows trends in set ownership; radio and tv homes by county size; radio-only vs tv homes; hours of tune-in per day; summer vs winter tune-in; audience composition by sex and age, and types of programs supplied. This information is based on American Research Bureau and A. C. Nielsen surveys and estimates (see audience analysis starting page F-76).

Pointing up the strength of the broadcast system is the remarkable increase in the value of station properties as determined by sales. In the first seven months of 1960, transfers of radio and tv station properties reached $151 million, 20% above the total for the entire year of 1959. (BROADCASTING, Aug. 8, 1960).

# TV REVENUE-PROFIT HITS NEW HIGH IN '59

Running counter to the prevailing experience of American industry, tv's 1959 financial revenues and profits continued their upward spiral in both categories.

Based on FCC's official release (Broadcasting, Sept. 5, 1960) total tv revenues for 1959 soared to a new high of $1.163 billion —13% over 1958's $1.03 billion.. Revenues include all income from the sale of time, talent and program material.

Tv's profits, before federal income tax, also reached a new high—$222.3 million, up 29.3% over 1958's $171.9 million.

In tv for 1959, expenses climbed, but remained relatively stable in relation to income. Total expenses increased 9.7% over 1958—$941.6 million compared to $858.1 million. The number of employes remained fairly constant—40,270 in 1959 compared to 39,382 in 1958.

Other highlights of the 1959 report:

- Twelve tv stations reported revenues of over $7.5 million. Average expenses totaled $6.3 million—$1.5 million for salaries and wages. $1.6 million for film, $350,000 for talent, $250,000 for depreciation and $2.6 million for all other costs.

- Total revenues from the sale of network time went up 5% to $445.8 million. Revenues from time sales to national and regional advertisers rose 22.9% to $424.2 million, and to local advertisers up 10.6% to $200.6 million. Total time sales amounted to $1,070.6 million. This was an increase of 12.6% over the 1958 figures.

- The sale of time only was divided as follows: network time to national advertisers, 41.6%; national and regional spot, 39.6%, and local advertisers, 18.8%. This is roughly the same division as in 1958.

- The three tv networks reported total revenues of $576.1 million, up 11.5%, and total profits, before federal income tax, of $87.9 million, up 14.2%. These figures include revenues from the network's 17 owned and operated stations as well as from network operation.

  Network owned stations accounted for only 23.9% of total revenues, but 63.6% of the profits.

- Of the 496 tv stations reporting a full year's earnings, 74.6% reported a profit; 25.4% a loss. Only 8.4% of the 107 pre-freeze vhf stations reported a loss; 25.9% of all post-freeze stations reported a loss.

  There were 69 uhf stations operating for the full year; 35 reported a profit, and 34 a loss.

- Total revenues of the 77 uhf stations were $28 million up from $26.1 million reported by 79 uhf stations in 1958. Total loss for the 77 uhf outlets was $500,000, compared to a loss of $2.2 million for 79 stations in 1958, and of $3.5 million for 88 uhf stations in 1957.

# RADIO REPORT

The FCC radio financial report was not available at press time, but will be reported in detail in Broadcasting Businessweekly upon release.

# DIRECTORY OF TELEVISION STATIONS IN THE U. S.

**Note:** Listed in this directory are (1) all cities to which television allocations have been made by the Federal Communications Commission and (2) all tv stations granted.

(1) With each city are shown the county in which it is situated and the television channels allocated to that city by the FCC. A plus or minus sign after a channel indicates that a station occupying the channel must operate with its carrier frequencies offset 10 kilocycles above or below, respectively, the normal carrier frequencies.

(2) Information for each station listed below has been corrected to Aug. 1, 1960. Where applicable, the following data is shown: call letters, date station began (or intends to begin) operation, channel number, transmission facilities, address, telephone, teletype number, name of licensee, composition of ownership, network affiliation, sales representative, executives and Washington attorney. Color facilities of stations having them are also shown. Special note is also made of those stations now having a video tape recorder in operation. Uhf translator stations, authorized by the FCC to repeat the programs of commercial stations, are also listed under the station whose programs they repeat. Non-commercial channels are shown with asterisks (*).

## ALABAMA

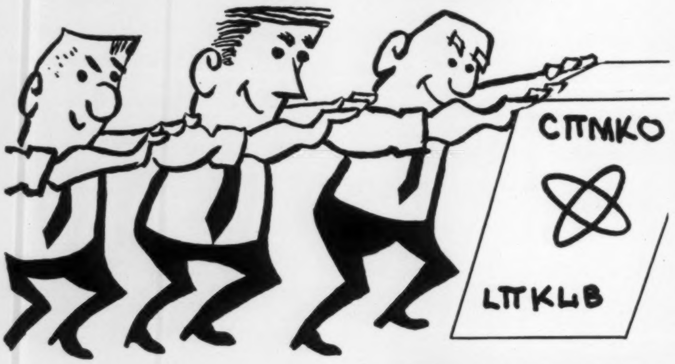
GET THAT EXTRA



PUSH

You know that it's the extra push that makes the difference between an average campaign and a *"Red-Letter Success."* You get that EXTRA PUSH when you buy WOC-TV. WOC-TV effectively specializes in co-ordinating and merchandising your buy at every level — the broker, wholesaler, direct salesman, key buyer as well as the retail outlet.

This "togetherness" sells products in the nation's 47th TV market. More than 2 billion dollars in retail sales ring on the retailer's cash register Over 438,000 TV homes are within the 42 counties of WOC-TV's coverage area.

WOC

PRESIDENT Col. B. J Palmer
VICE-PRES. & TREASURER D. D. Palmer
EXEC. VICE-PRESIDENT Ralph Evans

# *Through the Bureau of Standards with Three Barleycorns and a Nose Tip*

*Pinch,* the noun, used to be a unit of measure—the quantity of a commodity that could be taken between thumb and forefinger. An *inch* was the length of the terminal joint of the thumb—or the length of three barleycorns laid end to end (which, properly fermented, could be stretched to a mile). The *hand,* in case you have any tall horses to measure, is just what you think; equally prosaic is the origin of *foot. Yard* was the distance from nose tip to fingertips of a man's arm extended parallel to the ground; it was also a step's length, except to that breed apart, Yale men, who made it hallowed ground. An *acre* was what a yoke of oxen (and a man) could plow in a day, a *rod* four yoked oxen abreast. A *score* was a mere tally mark, an *abacus* a matter of sliding pebbles (not unlike devices encounted by men whose misspent youth included visits to the pool hall).

This was pretty subjective stuff. Today the length of a yard is precisely delineated by a metal rod kept by the Bureau of Standards. Its length is constant, regardless of whether Republican or Democratic nose tips are involved (although temperature variations can measurably change the length of a piece of metal). With reasonable accuracy we measure gross national product (in dollars that vary), the dimensions of Miss America (not measured in pinches), the amount of Grade A land in Iowa (25% of the nation's total—in rich acres), and the number of television sets in WMT-TV's coverage area (426,000) and we figure that most are working.

We segue to another measurement, a modern-day manifestation slightly larger than a man's hand that, with biblical verisimilitude, grows by statistical projection. We refer to *surveys.* Of these there are several types, varying in depth, breadth, and method. But no matter which ones for our area you subscribe to, WMT-TV leads in all time periods from 9 a.m. until sign-off in share of audience, Sunday through Saturday.

*WMT-TV. Cedar Rapids—Waterloo. CBS Television for Eastern Iowa. Affiliated with WMT Radio; KWMT Fort Dodge. National Representatives: The Katz Agency.*

# EVERLASTINGLY AT IT!

Serve or sink! Things are just that simple in *any* competitive television market. At WHO-TV we stay everlastingly at the job of *serving.*

There are more than 270,000 television homes in the area served by WHO-TV (see chart below). WHO-TV spares no *effort* or *money* to bring this big audience the very finest programming and talent. Our studios are equipped with the finest production and transmission equipment available. Our film library* is stocked to the "teeth" with award-winning properties.

And WHO-TV has a steadily *growing* audience. For example, NSI shows WHO-TV's "Early Show" (4 p.m.-6:05 p.m.) delivered 12,680 more viewers per quarter hour in February, 1960 than in November, 1959.

Ask PGW for the details on WHO-TV and the growing Central Iowa television market.

When the Indians crossed the Kansas prairies, they utilized the first advertising. Probably the squaw who lugged the load was most adroit at deciphering smoke signals that spelled out "INDIAN PONY FOR SALE AT NEXT TRADING POST." A broken tree branch or twigs stripped from a bush might indicate the nearest source of papoose blankets, tomahawks, and headdresses. But unless you were another Indian, chances are you wouldn't catch the sales message.

Totem Poles gave way to transmitting towers . . . and Kansas prairies today are being crossed by the KTVH television signal, beaming messages that spell GOODS and SERVICES to customers and WAMPUM for producers and manufacturers. And you don't have to be an Indian to understand the language. When you buy KTVH, your message reaches prospective customers in the heart of the oil, cattle, agriculture, and aircraft production area. To sell this scalp-tingling Kansas Market, buy KTVH with unduplicated CBS-TV coverage in Wichita and 14 other important Kansas Communities.

NOW...real power for your Baton Rouge lineup!

Famous old "28" (UHF) hangs up his suit after winning every laurel in his league (including 25 out of 26 national merchandising campaigns in which he competed). His replacement is a husky young slugger wearing a big red "9" (VHF). This "9" reaches all of "28's" loyal fans, PLUS a huge new bonus market. Now "9" serves 268,400 homes in the Central Gulf Area.

WAFB TV CHANNEL 9 BATON ROUGE LOUISIANA

*goes farther — sells more — in one of the nation's fastest-growing markets*

WAFB TV—first in TV in Baton Rouge—is a 9-inning hustler, draws all-time-record attendance of loyal fans. And what fans! Annual retail sales ($270,882,000) 77% above the Louisiana average and 45% above the U. S. average! Food sales ($53,187,000) 61% above the state, 19% above the national! Furniture/appliance/household sales ($17,851,000) 107% above Louisiana, 80% above the U. S.!

Why not have "9" in your lineup right from the start! **Call Blair TV Associates for a quick rundown.**

Baton Rouge, La. is the 4th market * in the Gulf South!
HOUCK

* Yes! That's right! Baton Rouge is the 4th largest market in the states of Louisiana, Texas and Mississippi...the area known as the Gulf South. Ranking just below Dallas-Ft. Worth, Houston and New Orleans, the Baton Rouge market served by television station WBRZ has a population of 1,561,000, with retail sales of $1,285,000,000—too big a market to be overlooked on any list. Call your Hollingbery man.

# BEAMED TO BUYERS!

People buy what they see, and they see it on KTBS-TV in Shreveport. What these people see are pictures of the finest quality. What they hear are sounds of truest tone. What's more, close-up of KTBS-TV power reveals a big broad coverage over four states (1,361,300* people and still growing) that brings sales (they spent $1,337,264,000* in 1959). No wonder time buyers look to KTBS-TV where people buy. It's the bright spot for spots in the Southwest.

**WHAT DO YOU ASK OF A "TV" STATION?**

**DOMINANCE?** No other Station puts a consistent signal in the WBOC-TV $430,000,000 market area.

**AUDIENCE?** WBOC-TV programs rate up to 68.6 with 89 to 92 per cent "set-in-use" nightly.

**PROGRAM?** WBOC-TV carries 21 per cent local-regional live, 19 per cent film and 60 per cent ABC, CBS and NBC Networks. On the average WBOC-TV carries 15 to 17 of the 20 top nationally rated programs.

**COMMUNITY SERVICE?** WBOC-TV devotes one-half hour of prime time, every weekday to area public service programs; also 1½ hours daily, Monday through Friday, during the school year WBOC-TV, in co-operation with the Delaware-Maryland-Virginia public school systems, telecasts live from its studios to classrooms courses in science, foreign languages, art and music as part of the schools' regular curriculum.

**ACCEPTABILITY?** WBOC-TV averages 159 national and nearly 200 local-regional advertisers.

WHAT DO YOU ASK OF A "TV" STATION?

DOMINANCE? No other Station puts a consistent signal in the WBOC-TV $430,000,000 market area.

AUDIENCE? WBOC-TV programs rate up to 68.6 with 89 to 92 per cent "set-in-use" nightly.

PROGRAM? WBOC-TV carries 21 per cent local-regional live, 19 per cent film and 60 per cent ABC, CBS and NBC Networks. On the average WBOC-TV carries 15 to 17 of the 20 top nationally rated programs.

COMMUNITY SERVICE? WBOC-TV devotes one-half hour of prime time, every weekday to area public service programs; also 1½ hours daily, Monday through Friday, during the school year WBOC-TV, in co-operation with the Delaware-Maryland-Virginia public school systems, telecasts live from its studios to classrooms courses in science, foreign languages, art and music as part of the schools' regular curriculum.

ACCEPTABILITY? WBOC-TV averages 159 national and nearly 200 local-regional advertisers.

BOOMING
BRISTOL CITY LINE

# DULUTH-SUPERIOR IS BOOMING!

It's the IRON ORE CAPITAL of the world! With the billion dollar development of taconite more activity than ever has brought new families — new towns and new payrolls to the immense mining areas served by Duluth-Superior.

GRAIN SHIPPING has skyrocketed with the opening of the St. Lawrence Seaway connecting world ports to the heart of America's Grain Belt.

TOURISTS . . . LUMBERING . . . OIL REFINING . . . FARMING . . . DAIRYING . . . these and many other activities have made this the NATION'S THIRD BUSIEST PORT where foreign salt water ships and domestic lake carriers mingle in America's largest natural harbor. Now a Booming inland seaport . . . a market you can't afford to miss!

***A Market you can't cover without Duluth-Superior Television!***

***Where the Prairie Meets the Sea...***

WRGB puts your MESSAGE WHERE THE SALE BEGINS

Sales begin long before sales are made, and WRGB is there at the outset in the homes and on the minds of the people who can translate your message into sales.

Sales begin here, too, because more and more manufacturers are discovering the test-marketability of this Northeastern New York and Western New England audience. The thousands of engineers, skilled workers, farmers and their families who live here represent a wide cross section of preferences and tastes. And, the metropolitan, suburban and rural nature of this market further gives you an excellent sampling of modern America's living habits. But, what really makes sales begin here is that WRGB is the number 1 voice and picture in this area. Let WRGB place your message where sales begin. Contact your NBC Spot Sales representative.

# Every important food chain uses WDAY-TV, Fargo!

These four big food chains make approximately 75% of ALL the retail food sales in the big WDAY-TV area—and that 75% equals nearly *$116,000,000 per year!*

Advertising isn't the whole answer, of course, because the Fargo area is a *fabulous* one. But it is significant that the four important food chains in the area *all use WDAY-TV on a year-'round basis.*

Certainly you can be sure that the biggest merchants in North Dakota know a lot about the best media values! Ask PGW for all the facts!

# Interview: Elizabeth Black

**Director of Broadcast Media for Cohen & Aleshire Advertising Agency, New York, explains why she selects WLW Radio and TV Stations for 4-WAY Cold Tablets.**

"The 6 Crosley Stations provide extensive coverage in important markets thru 9 states."

"This tremendous audience reach makes WLW Radio and WLW TV Stations one of the best buys on the media map!"

"Yes, for coverage—it's hard to beat the 6½ million home area of WLW Radio and TV land."

**4 WAY** *FAST-ACTING* **COLD TABLETS**

Call your WLW Stations' Representative . . . you'll be glad you did! The dynamic WLW stations . . .

FRIENDLY GROUP

*EXECUTIVE OFFICES:*
Exchange Realty Building
Steubenville, Ohio
John J. Laux, AT 2-6265

*IN NEW YORK:*
Lee Gaynor, OX 7-0306

Nothing equals the impact of a warm, neighborly TV station on a Community. And when your product is presented in this warm, neighborly climate it's just like a friend's recommendation. That's why the emphasis at all Five FRIENDLY Stations is local—local personalities . . . local news . . . local sports . . . local weather! Then too, a FRIENDLY Station always gives you that big "Baker's Dozen"—an extra bonus in merchandising and promotion that walks your products off the shelves. Yes, neighbors . . . your product's best friend is a FRIENDLY Station.

# ASK THE RETAILER WHO LIVES HERE

The acid test of advertising is its effect on the cash register. And the profit-minded authority who knows the answers from experience is the local retailer.

In the Portland, Oregon market you'll satisfy more retailers (plus brokers, distributors, wholesalers) when you buy KOIN-TV. As businessmen and as viewers, they know first-hand the tremendous regional* acceptance that has made KOIN-TV one of the nation's truly influential advertising media.

Be as skeptical as the retailer and check for yourself. Ask the local man before you buy. You'll learn why more major advertisers have invested greater ad budgets with KOIN-TV than any other Portland TV station.

**KOIN-TV**
PORTLAND CHANNEL 6

*. . . ask anyone who lives here!*

*One of the Nation's Great INFLUENCE Stations*
*Represented Nationally by CBS-TV Spot Sales*

*7 of every 10 homes in Portland and 32 surrounding Oregon and Washington counties.

It's not my habit to raise my voice, old fire-stomper, except when reasoning with the mule, so excuse me if I strain my glottis a bit to say that . . . COLUMBIA, SOUTH CAROLINA, IS THE STATE'S BIGGEST METROPOLITAN AREA . . . now 257,961, an increase of 71,117 (38.1%) in the 1960 Census.
And, if you'll pardon my yelling, [illegible] SECOND BIGGEST METROPOLITAN AREA IN THE TWO CAROLINAS, second only to Charlotte (270,951), according to the same Census Bureau's figure-filberts!
This is not the Columbia metro area . . . just a map of WIS-TV's damnear incredible coverage . . . whole happy state, or near enough, for one easy buy!

*Sales Hub for a*
*$ Billion-Plus Market*
*Dominated by*

**WCYB-TV**

The Tri-Cities sales complex is Tennessee's most active market area. Retail sales per household range from $6,025 to $9,434-$2,400-$5,800 above state average—swelled by dollars pouring into this sales center for a $1.2 billion* income market.

Antenna 2,219 ft. above average surrounding terrain on 4,360 ft. mountain, low band channel (5) and an integrated antenna create a 37-county tv viewing area sold *only* by WCYB-TV. Within this market, WCYB-TV delivers twice as many average quarter-hour "homes reached" . . . reaches 132,000 tv families, 59% more net weekly circulation than the only other competitive station (ARB, 3/60).

# A PAID TESTIMONIAL FROM VICTOR ALESSANDRO FOR KPRC-TV, HOUSTON

You perhaps know how we gently persuade famous people to say nice, sincere-sounding things about KPRC-TV. WE PAY THEM MONEY! Take Victor Alessandro. We approached the conductor of The San Antonio Symphony recently while he was in Houston to guest-conduct the Houston Symphony. He was rehearsing, and at first he mistook us for a music critic and picked up his largest baton. But, we handed him a violin-case full of money and asked him to say something nice about KPRC-TV.

"*Television?*" he shouted. "*Surely you're joking! Television is for children and grown-ups who know no better. Do you mistake me for a politician?*"

CREAMY
KPRC-TV
Creamy
TELEVISION

We begged, we pleaded, we implored. Then we filled a bass-fiddle case with money. Dr. Alessandro agreed to watch Channel 2. "*Viola!*" he cried aloud. "*Can this be television? It looks exactly like Mozart, or Beethoven. Why it would indeed be a shame to waste this splendid art on children or unappreciative grown-ups. May I watch a little longer?*"

As Dr. Alessandro discovered (and you can, too) — KPRC-TV is the one television produced on purpose to please. KPRC-TV in Houston alone gives you the true, exact flavor of GRADE A television.

No other television looks or sounds or stays pleasant and persuasive like KPRC-TV, because no other television is produced like KPRC-TV.

# Mutual stations go network and stay local

*Mutual gives you the advantage of network facilities and still lets you do your own local programming!*

*That's the successful secret of a Mutual affiliation. You get network facilities—on-the-spot news reported by authoritative newscasters, plus a wide range of music, sports and special events. At the same time you are free to do your own local programming—local personalities, local features and immediate area coverage.*

*With a combination like this, small wonder that so many stations are happy with the Mutual Radio Network.*

*Mutual Stations are making money—can you think of a better reason for considering a Mutual Radio Network affiliation?*

**MUTUAL
RADIO
NETWORK**

*A Service to
Independent Stations*

# DIRECTORY OF AM AND FM RADIO STATIONS IN THE U.S.

**Note:** Listed in this directory are all am (amplitude modulation) and fm (frequency modulation) stations in the U. S. and its territories. Information for each station listed below has been corrected to Aug. 1, 1960. Where applicable, the following data are shown in this order: call letters, date station began (or intends to begin) operation, frequency, power, station address, telephone, TWX number, name of licensee together with date present licensee acquired station, national and regional network affiliations, national representative, hours of specialty programs (Negro or foreign language) broadcast each week, executives, companion fm and tv stations.

For each station associated with newspaper ownership and/or multiple owners of radio and/or television stations the phrases "see Newspaper Ownership" or "see Group Ownership" appear after the name of the licensee. These refer to specialized directories which may be located by consulting the Facilities index on page A-21.

For fm stations which are companions of am stations and which duplicate the programming of the am, only facilities are listed. Fm stations which are programmed and operated independently are listed in greater detail.

Appropriate note is made of television companions of radio stations listed here. Full information about all television stations is presented in the Directory of Television Stations in the U. S. beginning on page A-21.

**Key to symbols:** In connection with station facilities one or more of the following abbreviations may appear: D—daytime station; DA-D—directional antenna day only; DA-N—directional antenna night only; DA-1—directional antenna same pattern day and night; DA-2—directional antenna different pattern day and night; L—limited time, stations operates night hours only when dominant station is not operating; LS—local sunset; N—night; SH—specified hours of operation provided in station's license; ST—station shares time with one or more stations; CP—construction permit.

*PULSE CONFIRMS IT!
KEZY
STUDIOS IN THE Disneyland Hotel • ANAHEIM
1ST
*K-EZY is Orange County's leading station in every time period. (March-April PULSE)
And Orange County, home of world-famous Disneyland, is the FASTEST GROWING county in America's fastest growing state! (1959-60 population increase more than 100,000; 1950-60 increase over half a million.)
The Bureau of the Census defines the Los Angeles Metropolitan Area as Los Angeles and Orange Counties. But PULSE ratings prove you miss almost a quarter of the big Orange County market (750,000) if you buy every Los Angeles radio station and do not use Orange County radio!
A K-EZY plus: Facts Consolidated Station Image Study shows 41.4% penetration by K-EZY in the greater Long Beach area, making K-EZY a key buy to reach more than 2,000,000 radio listeners in both Orange and Southern Los Angeles Counties.

Linked . . .

. . . by the mutual desire to produce the best possible news report for radio and television stations.

SALES POWER

IN SACRAMENTO

**Quality Audience.** You'll find "spending power" in KCRA listeners. Surveys consistently show KCRA a leader in adult audience . . . the people who have the money to spend for your client's products.

**Volume Audience.** Sound ratings in all time periods that translate into low CPM. (Ask your Petry man for specific figures.) KCRA gives you an exceptionally high percentage of unduplicated homes, too.

**Merchandising With Provable Payoff.** A full time merchandising department with the biggest in-store chain tie-ins in the Sacramento Valley . . . a plus that adds extra sales for your clients.

NOW IN NEW QUARTERS!
101 NO. TAMPA ST., TAMPA, FLORIDA

Cover the BIG, able-to-buy audience in one of America's FASTEST GROWING MARKETS

WFLA
LITTLE SPOTS DO A BIG JOB ON WFLA!

*Talk about growth!* Take a look at the Tampa-St. Petersburg Metropolitan Market! Preliminary 1960 census figures set population at 760,000—*up 85.9 per cent since 1950!* During the same period, here's what happened to other key economic indices:

**Retail Sales** .............. **Up 134%**
**Food Sales** .............. **Up 147%**
**Effective Buying Income** . **Up 139%**

*Talk about coverage!* WFLA blankets this busy market—*Florida's second market*—best°, and delivers a big, growing 11-county sales area where the payrolls of diversified industry, commerce and agriculture provide steady buying power year 'round!

*Talk about audience!* The November 1959 Pulse shows the WFLA audience to be 92.2 per cent *adult listeners*—the audience that makes the money—*spends the money!* WFLA's special features *start them listening*—WFLA's leading personalities *keep them listening!*

So, for more sales in Tampa-St. Petersburg and West Coast Florida—spot your product on WFLA-Radio! For more details, write us or call your John Blair man.

° *Area Pulse, May-June 1959*

# YOU MISS 1,433,000 POTENTIAL BUYERS WITHOUT ROUNSAVILLE RADIO

YOU HAVE TO AIM RIGHT or you miss the buying power of more than 1,433,000 Negroes who live in the Rounsaville Radio coverage area . . . consumers with $824,000,000 to spend—*AFTER* taxes! This enormous consumer potential can influence the national sales picture of *any* product. And NEGRO RADIO, and ONLY Negro Radio, can reach them. It's a fact: Over 95% of all Negroes listen to radio! Negroes have faith in and buy the products they hear about on their radio—NEGRO RADIO. Any budget you make for these six important markets . . . any media you use . . . a proper part of your advertising dollar *must* go to Negro Radio, or you miss this market! Get the facts on Rounsaville Radio —all six stations are Number-One Rated by *BOTH* Pulse and Hooper. Call Rounsaville Radio in Atlanta, John E. Pearson, or Dora-Clayton in the Southeast.

## Personal Letter

Everyone in the world appreciates recognition. Certainly the people to whom we program, the American Negro, is no exception to this rule. That is why we, at Rounsaville Radio, program exclusively for the Negro with Negro talent. Our continued success at Rounsaville Radio is based on this knowledge and how we use it. You can make excellent use of our Know-How to sell your products. Call on us, we'll be happy to help you. We are one of the oldest and the *largest* broadcasters in our chosen field.

ROBERT W. ROUNSAVILLE
*Owner-President*

**FIRST U.S. NEGRO-PROGRAMMED CHAIN • FIRST IN RATING IN SIX BIG MARKETS**

**WCIN** 1,000 Watts (5,000 Watts soon)—Cincinnati's only all Negro-Programmed Station!

**WLOU** 5,000 Watts—Louisville's only all Negro-Programmed Station!

**WMBM** 5,000 Watts—Miami-Miami Beach's only full time Negro-Programmed Station!

**WVOL** 5,000 Watts—Nashville's only all Negro-Programmed Station!

**WYLD** 1,000 Watts—New Orleans' only full time Negro-Programmed Station!

**WTMP** 5,000 Watts—Tampa-St. Petersburg's only all Negro-Programmed Station!

WGES
1. Covers the *vast Chicagoland Negro* population.
2. An economic way to reach a population that could be the 13th largest city in the United States.
3. Do it with Negro personalities of proven sales ability.
4. WGES broadcasts more programs to the Negro Chicagoland area than any other Chicago station.
5. You can reach the Negro audience without WGES but don't make the mistake of trying if economy and resulting sales are important.

WMAY
SPRINGFIELD

The POSITIVE Approach
to Sales
in Central Illinois

*FIRST* in Popularity!

WMAY has consistently led in more national surveys than any other Springfield station! A consistent #1!

*FIRST* with National Advertisers!

WMAY carries more national advertising than the other local stations combined!

*FIRST* in Coverage!

WMAY has the 4th largest circulation of all stations in the State of Illinois, outside of Chicago!

*FIRST* in News!

WMAY has more full-time newsmen than any other Springfield station. WMAY is the only local station with two fully-equipped news trucks on the streets, plus the latest electronic newsgathering facilities!

*FIRST* in Power!

WMAY, with 1000 watts, has 4 times the power of the other Springfield stations, with penetrating center-of-the-dial coverage at 970 KC!

THE CHAMP!
WMAY

SOUND OF THE SIXTIES

MUSIC

all day long to suit every mood of the day. Freedom from weird sounds . . . freedom from gimmicks . . . just wonderful entertainment.

NEWS

More newscasts per day than any other local station. *Local news gathering* as well as reporting. National and international coverage all through the day from NBC's excellent staff.

PERSONALITIES

that are well-known and welcome in every home . . . selected to suit the program . . . and backed by vigorous promotion.

NETWORK

Monitor for the week-end, plus NBC's on the spot coverage of events when they happen—where they happen.

Facts, figures, data, statistics and other pertinent information are at the fingertips of your PGW Colonel. See him today.

# WHO radio continues to dominate Iowa radio audience!

## "Voice of the Middle West" serves America's 14th largest radio market

SURVEYS have measured the Iowa radio audience for 23 consecutive years. A new 93-County Area* Pulse Survey proves — as have all the others — that 50,000-Watt WHO Radio is again Iowa's most listened-to station.

Iowa radio families have again given WHO Radio a "clean sweep" with first place in *every week-day quarter hour surveyed.* Competition came from more than 85 other stations serving this area. In fact, 50,000-Watt WHO Radio's audience outstrips that of the next two stations *combined* during the three major week-day broadcast segments (6 a.m.-Noon, Noon-6 p.m., 6 p.m.-10:30 p.m.).

But these ratings tell only part of the story. They represent only 72% (625,000 of 865,350) of the radio families residing within WHO Radio's NCS No. 2 coverage area — America's 14th largest radio market. And in *all* this area, WHO Radio is an important voice!

WHO Radio reaches more people, more often and at *less cost* than any other station or combination of stations in Iowa. And, for a qualifying food or drug advertiser, WHO Radio offers Feature Merchandising services — operated and controlled by trained WHO Radio personnel. See your PGW Colonel about reaching *all* of Iowa *plus* lots more with WHO Radio!

*"Iowa PLUS" consists of the 137 counties in Iowa, Missouri, Illinois and Nebraska in which NCS No. 2 credits WHO Radio with 10% penetration.

**WHO**

APRTA
AP

Linked . . .
. . . by the mutual desire to produce the best possible news report for radio and television stations.

# IN THE PEOPLE'S INTEREST

## Detroit's most complete Radio-TV news center

Another mark of leadership—additional evidence of the WWJ stations' sense of responsibility to the public. It's the big 1,272 square-foot WWJ NEWS-room, headquarters for the busy 12-man staff that provides southeastern Michigan with complete, reliable, award-winning coverage day and night.

Today, as it has been for over 40 years, WWJ NEWS is *real* news: comprehensive, balanced, and believable—great news for the audience, great for advertisers, too.

The 16-Man Board of Directors
of the

APRTA*

is

elected democratically by the 2,000 AP member broadcasters it serves. Its by-laws provide that all categories of member broadcasters be represented . . . from 250-watt local radio stations to 50,000-watt AMs, FMs and television.

* (*The Associated Press Radio and Television Association*)

By probing and dissecting every aspect of the broadcast circuit, analyzing the suggestions and recommendations of individual stations and making periodic reports, the APRTA has kept AP broadcast members on top!

BEST WAY TO EMBRACE THE NEW YORK NEGRO COMMUNITY...

"LIB" it up!

When it comes to reaching the enormous Negro Community of greater New York, time buyers sum up their strategy in three little words: "LIB IT UP"

The reasons are simple. Whether you sell a LIBation or appeal to the LIBido only WLIB can do· the effective job.

HARLEM RADIO CENTER

WLIB

Hotel Theresa, 125th Street & 7th Avenue, New York 27, N. Y.

EMBRACES THE ENTIRE NEGRO MARKET IN GREATER NEW YORK

**What is good music?** We believe it is a Beethoven symphony, a Mozart concerto, a Puccini opera, a sprinkling here and there of semi-classics and show tunes.

**This is WQXR,** as it has been for 24 years, providing entertainment and enjoyment for 1,269,300* families in the New York area: attentive, responsive listeners whose better jobs and higher incomes make them *your* best customers.

**WQXR** AM 50,000 watts, and FM. Radio station of The New York Times. WQXR programs also reach quality families in big metropolitan markets from coast to coast through the QXR FM Network and affiliated stations.

**Pulse CPA, March 1960.*

MORE ADVERTISERS USE

WOR

THAN ANY OTHER NEW YORK RADIO OR TV STATION. ONE REASON: WOR's SALES PRODUCING NEWS AND PERSONALITY PROGRAMMING REACHES THE LARGEST AUDIENCE OF ANY STATION IN AMERICA.*

# Oh, boy! — my Pulse says 45% MORE WIMMIN!

Yes, the latest 55-county Pulse Area Report (March 1-28, 1960) again proves WDAY Radio to be the most-listened-to station in, around, or near Fargo!

*45% more women!* Monday thru Friday, WDAY Radio has 166,400 women listeners!

*67% more men, too* (though we really don't care nearly so much about *them*)! WDAY Radio has 114,660 men listeners!

But don't think there's anything unique about this situation. It's been going on for years and years and years. *Ask PGW for all the facts!*

SERVING SEVEN COUNTIES
IN THE HEART OF
OHIO'S RICHEST
FARM LAND WITH
STUDIOS IN
MARION
AND
BUCYRUS

Marion trading area offers national and regional distributors an ideal test market. Small enough to be economical, large enough to be indicative. It is a healthy, expanding, but conservative market. Competition among retailers is intense. Merchandise and services which can make the grade in the Marion Market will succeed in any normal American community.
Nineteen years of personal service by veteran staff members offers the advertiser audience acceptance and product prestige.

THE "FRIENDLY NEIGHBOR STATION" CHANGES STATISTICS INTO SERVICE AND SERVICE INTO SALES FOR YOU!

The 16-Man Board of Directors of the

APRTA*

is

elected democratically by the 2,000 AP member broadcasters it serves. Its by-laws provide that all categories of member broadcasters be represented . . . from 250-watt local radio stations to 50,000-watt AMs, FMs and television.

* (*The Associated Press Radio and Television Association*)

By probing and dissecting every aspect of the broadcast circuit, analyzing the suggestions and recommendations of individual stations and making periodic reports, the APRTA has kept AP broadcast members on top!
